Purpose and goal

The purpose of Stichting Avance Misionero Evangelístico Mundial is to teach and help people understand the Torah.

As the Bible says in John 8: 32” Then you will know the truth, and the truth will set you free”. Every person deserves and have the right to seek for the truth. Our mission is to teach the Torah, which are the instructions given by YeHoVaH to the nation of Israel. They are the chosen people, who the LORD has given the instructions. Everyone who accept these instructions and wants to hear and obey the word of the Almighty feel free to come and join us in worship. When you know the origin of the Bible and you go back to the basic, you will understand more clearly what the religion is. We have to be free from religion and we have to learn how to walk by the Spirit.

The goal of our teaching is that people know the Torah (instructions). When the folk knows the Creator, they get the knowledge of good and evil, right and wrong and they become a better human being. The Creator expect us to have intimacy with Him, it is a very close relationship that can be compared as a relationship of husband and wife. Every day each part expects to feel more love for one another and to bond more closely.

In many occasions as human being when you feel you can no more, and you have lost everything but do not lose hope. YeHoVaH is by your side and help you in this journey. He will learn you to be guided by the Holy Spirit (Rough Kodesh) and grow your Emuna “faith”. Therefore, we have to know the scripture because Thy Word is a lamp unto my feet, and a light unto my path. (Psalm 119:105)

The foundation seeks to achieve its goal by all possible legal means, this includes donations of their members or anyone who wants to give by charity. We do not receive support of the government.

Our foundation has the goal to reach the whole World and to achieve this goal, we design a plan for the coming year.

Worldwide vision

Our foundation has more than a hundred members around the world. Most of the people are Spanish speaking and they have their own foundation who wants to work with us. These are in countries like The Caribbean, South America, Central America, North America and Europe.

Because we are working together with these churches we support them, spiritually and sometimes financially. Due to our financial crises in the past years, now a days we only can support them spiritually with our pray.

Our plan for the year 2026

In the year 2026 the leaders of our Mission will be traveling to different parts of the World. This year we plan a reunion in Colombia. This will take place in the second week of march 2026.

Our goal for the coming year is that all pastors have the same understanding and acquire the same knowledge of the gospel.

Our Mission has started these teaching in different part of the World and has use the technology to spread the teaching virtually.
